- Hands on garden project

Greenbelt Community Center
March 28—Square Foot Gardening
Springhill Lake Recreation Center--April 25—Bio-intensive Gardening
Schrom Hills Park-
May 23—Eco-Circles

The Greenbelt City Council has approved space on City property to be set aside for demonstration gardens, but their success will depend upon how much interest there is in creating and maintaining them.

Please join us for a lively afternoon to make this happen.

Bring a dish to share, along with your ideas and hands to get dirty! Let's put them to work in creating gardens for all, with our fellow green-growing wanabees throughout Greenbelt.
